

TOXIC blurb, cover reveal and giveaway!!!

Hello lovelies!

I'm so proud to reveal the new cover for TOXIC. It will release on October 6th!!!

Adam and Thea--they broke my fucking heart when I wrote them. I've never experienced anything like it, neh-vuh. This book is full of the feels, and it's gonna make you cry, but fingers crossed, by now, you know I'll put you back together again.

You might have enjoyed it as Above The Surface, however, I never believed that I shone the right amount of light on Above The Surface, so here's me, giving this story some much needed love.

Blurb

We were TOXIC.
Right from the beginning.

Until the very end.

I met him when I was young. I believed he was the light at the end of the tunnel. A future I didn't dare have.

He destroyed me.

My talents were wasted until he found me, until he cultivated me, but the second I was on my way to the top, we crashed and burned. Wrecked before we had a chance to begin.

He betrayed me.

He was supposed to be my soulmate.

So I stopped caring, and my focus shifted.

With the Olympics in the near distance, that was all I could think of. My life became one long round of training, until the past and present collided. Family secrets were revealed, hard truths exposed that could destroy everything I'd built, and then he crash landed into my life once more.

We're still toxic.

Still hopeless.

The future isn't bright... unless we take back ownership of it and make it ours once more.

But can we do it?

Find out in this standalone, enemies-to-lovers, second-chance contemporary romance...

And buckle in for the ride with a box of tissues. This one is a tear-jerker. It will break your heart, but don't worry, the ending will fix it back together again...

I hope, if you haven't read it yet, you'll give TOXIC a try. And if you have, then maybe TOXIC is worthy of a re-read. ♥

By simply having read this newsletter, you will be entered in a giveaway for a paperback version of TOXIC when it releases in October!!! Good luck!!!

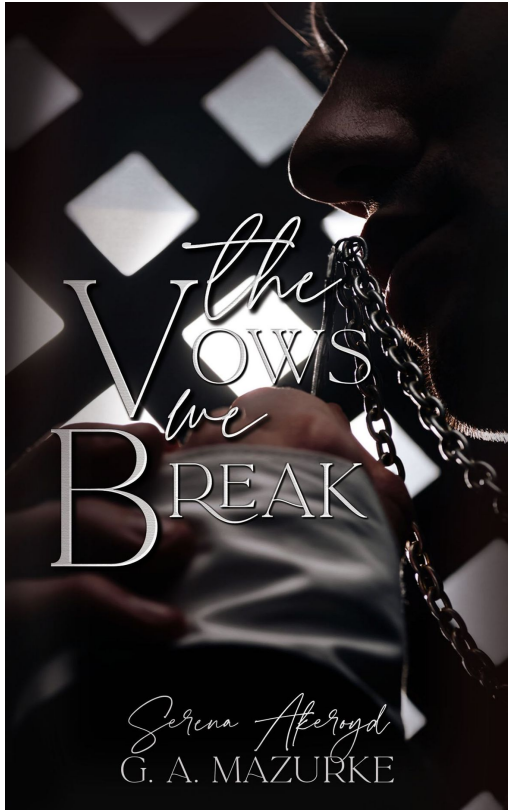

Thank you, as always, for your support. ♥

Much love,

Serena

The Vows We Break

Vows.

Savio lives by them.

Dreams.

I exist in them.

Obsessed with a picture, I'm in Rome to get over writer's block, but more importantly, I've come to the Eternal City to find someone.

Savio is a broken soul. A French-Italian priest in the capital of the Catholic world, he preaches religious tenets he no longer believes in.

He's also the man I'm looking for.

A priest who makes sinners pay.

Who makes them burn for the temptations into which they fall.

I exist to tempt him, my sole purpose is to save him, and my end goal is Savio—in my bed. My heart. My life.

He's a fallen soul, desperately in need of a future that takes him away from the sinners who deserve to lose their lives for the evil they reap.

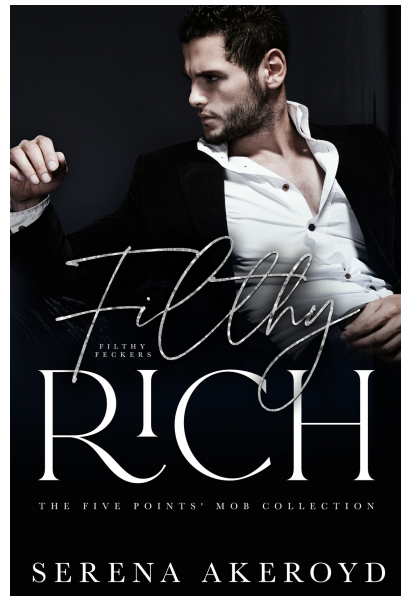

Can I make him break his vows, make him fall to save both our souls before the Devil can embrace us both?

Find out in **The Vows We Break**.
